About Us

For over 20 years our family run business have provided professional gardening and ground maintenance services in and around Surrey and Middlesex. We have the skills and the tools to provide a quick service saving you hassle and money.

Our members of staff are NPTC qualified, frequently trained and monitored utilising the most innovative tools and technology to ensure the highest standards. All our staff are DBS checked (the new CRB criminal record bureau checks).

Whether a private garden, sports clubs, pubs / clubs, private estates, commercial properties, hotels, local government, hospitals etc, we fully understand first impressions count. Every job is performed professionally and to the highest standard.

Areas Covered

Our family business is based in Surrey, and we provide our services to all surrounding areas.

We are always willing to travel to offer clients our services. There is no distance too great, so please don't hesitate to get in touch if you have a request outside of these areas and we'll be happy to discuss.

Our Services

Grounds Maintenance

Acorn Grounds and Garden Care carry out grounds maintenance and support services to single and multi-sites across Surrey & South-East of England including sports clubs, pubs / clubs, private estates, commercial properties, hotels, local government and hospitals.

Landscaping

However you intend to utilise your garden, Acorn Grounds and Garden Care can provide expertise and ideas. We strive to deliver the perfect garden to the specifications suiting each and every customer whilst delivering friendly and stress-free service.

General Gardening

A clean and tidy garden is a tranquil and relaxing environment for all the family. Acorn Grounds and Garden Care can provide a quick, friendly and hassle-free service immediately transforming your garden no matter how small or large. So sit back and let us help!

Winter Gritting

It's important for businesses to ensure your sites to be gritted to allow path and car parks areas free of snow and ice to eliminate danger. We provide winter gritting services to ensure the safety of your customers and employees all year round, so you don't have to worry!

Winter Gritting

To keep your employees and visitors safe during the worst winter weather, you will need to ensure frequently used areas are kept clear of ice and snow at all times! From low-level interaction, to a full gritting and snow clearance service, we are able to support your needs.

We will usually complete this service overnight which allows your sites to be free of ice and snow in time for opening, however this can be completed to fit your needs. We also pride ourselves in operating this service all year-round with a 24/7 call-out which allows us to get to you quickly if you find yourself in an urgent situation.
